2007  
Hospitality & Institutional  
Product Selections

## About Us:

In 1991 Textilemaster opened its doors for the first time in the Atlanta Metro region of Georgia, and since then, has been delivering quality materials to its rapidly expanding base of customers across the U.S. and Canada.

Sixteen years in the industry have allowed us to expand our broad range of products and services into three very specialized industries: institutional establishments such as medical offices and hospitals, hospitality services, and automotive detailing products.

With our worldwide partnerships, newly expanded location and 50,000 square feet of facilities, we are quickly growing as an industry leader in many areas of textile production.

We specialized in delivering customized goods, regardless of whether the customization involves weaving, bleaching, dying or stitching and sizing. And we offer many of those services from our main office, including Kaumograph and CIM.

Textilemaster, LLC.                      770-368 4111
